¹ The **Status** of a State's participation in treaties and organizations is defined in terms of its membership of and adherence to international organizations, treaties and agreements. A **State Party** fulfilled and implemented domestic legislative legal practices to bring about the legal application of the Treaty on the government and other entities to which the Treaty is applicable, such as formal approval by parliament or legislative bodies, and the Treaty is formally declared to be applicable on the State Party, and the required legal instrument of ratification has been duly deposited with the depositary. A **Signatory State** refers to a State whose competent authority or representative has affixed its signature to a Treaty text thus indicating acceptance of the Treaty and a commitment not to undertake any actions that would undermine the purpose of the Treaty, according to the Vienna Convention on the Law of Treaties, pending formal ratification.

² Membership requires ratification of the Chemical Weapons Convention.

³ A set of voluntary confidence building measures agreed to at the Second Review Conference of the States party to the BTWC (1986) under Article V.

⁴ Submitted information on BTWC CBM reports in the following years: 1991-1992 (as part of the report submitted by Yugoslavia), 1995, 1999-2000, 2004, 2006-2008.

⁵ The shipboarding agreement signed by the U.S. and Croatia will facilitate cooperation between the two countries to prevent the maritime transfer of proliferation-related shipments by establishing points of contact and procedures to expedite requests to board and search suspect vessels in international waters. If a U.S. or Croatian-flagged vessel is suspected of carrying proliferation-related cargo, either Party to this agreement can request the other to confirm the nationality of the ship in question and, if needed, to authorize the boarding, search, and possible detention of the vessel and its cargo.
