[Resolution A/RES/63/39, adopted by the General Assembly at its 63rd Session, December 2008]

[Editorial note: Footnotes not included]

Adopted 122-1-58

The General Assembly,

Bearing in mind the need to allay the legitimate concern of the States of the world with regard to ensuring lasting security for their peoples,

Convinced that nuclear weapons pose the greatest threat to mankind and to the survival of civilization,

Welcoming the progress achieved in recent years in both nuclear and conventional disarmament,

Noting that, despite recent progress in the field of nuclear disarmament, further efforts are necessary towards the achievement of general and complete disarmament under effective international control,

Convinced that nuclear disarmament and the complete elimination of nuclear weapons are essential to remove the danger of nuclear war,

Determined to abide strictly by the relevant provisions of the Charter of the United Nations on the non-use of force or threat of force,

Recognizing that the independence, territorial integrity and sovereignty of non-nuclear-weapon States need to be safeguarded against the use or threat of use of force, including the use or threat of use of nuclear weapons,

Considering that, until nuclear disarmament is achieved on a universal basis, it is imperative for the international community to develop effective measures and arrangements to ensure the security of non-nuclear-weapon States against the use or threat of use of nuclear weapons from any quarter,

Recognizing that effective measures and arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons can contribute positively to the prevention of the spread of nuclear weapons,

Bearing in mind paragraph 59 of the Final Document of the Tenth Special Session of the General Assembly, the first special session devoted to disarmament, in which it urged the nuclear-weapon States to pursue efforts to conclude, as appropriate, effective arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons, and desirous of promoting the implementation of the relevant provisions of the Final Document,

Recalling the relevant parts of the special report of the Committee on Disarmament submitted to the General Assembly at its twelfth special session, the second special session devoted to disarmament, and of the special report of the Conference on Disarmament submitted to the Assembly at its fifteenth special session, the third special session devoted to disarmament, as well as the report of the Conference on its 1992 session,

Recalling also paragraph 12 of the Declaration of the 1980s as the Second Disarmament Decade, contained in the annex to its resolution 35/46 of 3 December 1980, which states, inter alia, that all efforts should be exerted by the Committee on Disarmament urgently to negotiate with a view to reaching agreement on effective international arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons,

Noting the in-depth negotiations undertaken in the Conference on Disarmament and its Ad Hoc Committee on Effective International

Arrangements to Assure Non-Nuclear-Weapon States against the Use or Threat of Use of Nuclear Weapons, with a view to reaching agreement on this question,

Taking note of the proposals submitted under the item in the Conference on Disarmament, including the drafts of an international convention,

Taking note also of the relevant decision of the Thirteenth Conference of Heads of State or Government of Non-Aligned Countries, held at Kuala Lumpur on 24 and 25 February 2003, which was reiterated at the Fourteenth Conference of Heads of State or Government of Non-Aligned Countries, held at Havana on 15 and 16 September 2006, as well as the relevant recommendations of the Organization of the Islamic Conference,

Taking note further of the unilateral declarations made by all the nuclear-weapon States on their policies of non-use or non-threat of use of nuclear weapons against the non-nuclear-weapon States,

Noting the support expressed in the Conference on Disarmament and in the General Assembly for the elaboration of an international convention to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons, as well as the difficulties pointed out in evolving a common approach acceptable to all,

Taking note of Security Council resolution 984 (1995) of 11 April 1995 and the views expressed on it,

Recalling its relevant resolutions adopted in previous years, in particular resolutions 45/54 of 4 December 1990, 46/32 of 6 December 1991, 47/50 of 9 December 1992, 48/73 of 16 December 1993, 49/73 of 15 December 1994, 50/68 of 12 December 1995, 51/43 of 10 December 1996, 52/36 of 9 December 1997, 53/75 of 4 December 1998, 54/52 of 1 December 1999, 55/31 of 20 November 2000, 56/22 of 29 November 2001, 57/56 of 22 November 2002, 58/35 of 8 December 2003, 59/64 of 3 December 2004, 60/53 of 8 December 2005, 61/57 of 6 December 2006 and 62/19 of 5 December 2007,

1. *Reaffirms* the urgent need to reach an early agreement on effective international arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons;

2. *Notes with satisfaction* that in the Conference on Disarmament there is no objection, in principle, to the idea of an international convention to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons, although the difficulties with regard to evolving a common approach acceptable to all have also been pointed out;

3. *Appeals* to all States, especially the nuclear-weapon States, to work actively towards an early agreement on a common approach and, in particular, on a common formula that could be included in an international instrument of a legally binding character;

4. *Recommends* that further intensive efforts be devoted to the search for such a common approach or common formula and that the various alternative approaches, including, in particular, those considered in the Conference on Disarmament, be explored further in order to overcome the difficulties;

5. *Also recommends* that the Conference on Disarmament actively continue intensive negotiations with a view to reaching early agreement and concluding effective international agreements to assure the non-nuclear-weapon States against the use or threat of use of nuclear weapons, taking into account the widespread support for the conclusion of an international convention and giving consideration to any other proposals designed to secure the same objective;

[Resolution A/RES/63/41, adopted by the General Assembly at its 63rd Session, December 2008]

Adopted 141-3-34

The General Assembly,

Recalling its resolution 62/36 of 5 December 2007,

Recalling also that the maintenance of nuclear weapons on high alert was a feature of cold war nuclear postures, and welcoming the increased confidence and transparency since the cessation of the cold war,

Concerned that, notwithstanding the end of the cold war, several thousand nuclear weapons remain on high alert, ready to be launched within minutes,

Noting the increased engagement in multilateral disarmament forums in support of further reductions to the operational status of nuclear weapons systems,

Recognizing that the maintenance of nuclear weapons systems at a high level of readiness increases the risk of the use of such weapons, including the unintentional or accidental use, which would have catastrophic consequences,

Recognizing also that reductions in deployments and the lowering of operational status contribute to the maintenance of international peace and security, as well as to the process of nuclear disarmament, through the enhancement of confidence-building and transparency measures and a diminishing role for nuclear weapons in security policies,

Welcoming bilateral initiatives, such as the proposed United States/Russian Federation Joint Centre for the Exchange of Data from Early Warning Systems and Notification of Missile Launches, which can play a central role in operational status reduction processes,

Welcoming also the steps taken by some States to reduce the operational status of their nuclear weapons systems, including de-targeting initiatives and increasing the amount of preparation time required for deployment,

1. Calls for further practical steps to be taken to decrease the operational readiness of nuclear weapons systems, with a view to ensuring that all nuclear weapons are removed from high alert status;
2. Urges States to update the General Assembly on progress made in the implementation of the present resolution;

Reaffirming the commitment of the international community to the goal of the total elimination of nuclear weapons and the establishment of a nuclear-weapon-free world,

Bearing in mind that the Convention on the Prohibition of the Development, Production and Stockpiling of Bacteriological (Biological) and Toxin Weapons and on Their Destruction of 1972

and the Convention on the Prohibition of the Development, Production, Stockpiling and Use of Chemical Weapons and on Their Destruction of 1993 have already established legal regimes on the complete prohibition of biological and chemical weapons, respectively, and determined to achieve a nuclear weapons convention on the prohibition of the development, testing, production, stockpiling, loan, transfer, use and threat of use of nuclear weapons and on their destruction, and to conclude such an international convention at an early date,

Recognizing that there now exist conditions for the establishment of a world free of nuclear weapons, and stressing the need to take concrete practical steps towards achieving this goal,

Bearing in mind paragraph 50 of the Final Document of the Tenth Special Session of the General Assembly, the first special session devoted to disarmament, calling for the urgent negotiation of agreements for the cessation of the qualitative improvement and development of nuclear-weapon systems, and for a comprehensive and phased programme with agreed time frames, wherever feasible, for the progressive and balanced reduction of nuclear weapons and their means of delivery, leading to their ultimate and complete elimination at the earliest possible time,

Reaffirming the conviction of the States parties to the Treaty on the Non-Proliferation of Nuclear Weapons that the Treaty is a cornerstone of nuclear non-proliferation and nuclear disarmament and the importance of the decision on strengthening the review process for the Treaty, the decision on principles and objectives for nuclear non-proliferation and disarmament, the decision on the extension of the Treaty and the resolution on the Middle East, adopted by the 1995 Review and Extension Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons,

Stressing the importance of the thirteen steps for the systematic and progressive efforts to achieve the objective of nuclear disarmament leading to the total elimination of nuclear weapons, as agreed to by the States parties in the Final Document of the 2000 Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons,

Reiterating the highest priority accorded to nuclear disarmament in the Final Document of the Tenth Special Session of the General Assembly and by the international community,

Reiterating its call for an early entry into force of the Comprehensive Nuclear-Test-Ban Treaty,

Noting with appreciation the entry into force of the Treaty on the Reduction and Limitation of Strategic Offensive Arms (START I), to which Belarus, Kazakhstan, the Russian Federation, Ukraine and the United States of America are States parties,

Recalling the entry into force of the Treaty on Strategic Offensive Reductions ("the Moscow Treaty") between the United States of America and the Russian Federation as a significant step towards reducing their deployed strategic nuclear weapons, while calling for further irreversible deep cuts in their nuclear arsenals,

Noting with appreciation the unilateral measures taken by the nuclear-weapon States for nuclear arms limitation, and encouraging them to take further such measures, while reiterating deep concern over the slow pace of progress towards nuclear disarmament and the lack of progress by the nuclear-weapon States towards accomplishing the total elimination of their nuclear arsenals,

Recognizing the complementarity of bilateral, plurilateral and multilateral negotiations on nuclear disarmament, and that bilateral negotiations can never replace multilateral negotiations in this respect,

Noting the support expressed in the Conference on Disarmament and in the General Assembly for the elaboration of an international convention to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons, and the multilateral efforts in the Conference on Disarmament to reach agreement on such an international convention at an early date,

Recalling the advisory opinion of the International Court of Justice on the *Legality of the Threat or Use of Nuclear Weapons*, issued on 8 July 1996, and welcoming the unanimous reaffirmation by all Judges of the Court that there exists an obligation for all States to pursue in good faith and bring to a conclusion negotiations leading

to nuclear disarmament in all its aspects under strict and effective international control,

Mindful of paragraph 98 of the Final Document of the Fifteenth Ministerial Conference of the Movement of Non-Aligned Countries, held in Tehran on 29 and 30 July 2008,

Recalling paragraph 70 and other relevant recommendations in the Final Document of the Fourteenth Conference of Heads of State or Government of Non-Aligned Countries, held in Havana on 15 and 16 September 2006, calling upon the Conference on Disarmament to establish, as soon as possible and as the highest priority, an ad hoc committee on nuclear disarmament and to commence negotiations on a phased programme for the complete elimination of nuclear weapons with a specified time framework,

Reaffirming the specific mandate conferred upon the Disarmament Commission by the General Assembly, in its decision 52/492 of 8 September 1998, to discuss the subject of nuclear disarmament as one of its main substantive agenda items,

Recalling the United Nations Millennium Declaration, in which Heads of State and Government resolved to strive for the elimination of weapons of mass destruction, in particular nuclear weapons, and to keep all options open for achieving this aim, including the possibility of convening an international conference to identify ways of eliminating nuclear dangers,

Reaffirming that, in accordance with the Charter of the United Nations, States should refrain from the use or threat of use of nuclear weapons in settling their disputes in international relations,

Seized of the danger of the use of weapons of mass destruction, particularly nuclear weapons, in terrorist acts and the urgent need for concerted international efforts to control and overcome it,

3. *Welcomes and encourages* the efforts to establish new nuclear-weapon-free zones in different parts of the world on the basis of agreements or arrangements freely arrived at among the States of the regions concerned, which is an effective measure for limiting the further spread of nuclear weapons geographically and contributes to the cause of nuclear disarmament;

4. *Recognizes* that there is a genuine need to diminish the role of nuclear weapons in strategic doctrines and security policies to minimize the risk that these weapons will ever be used and to facilitate the process of their total elimination;

5. *Urges* the nuclear-weapon States to stop immediately the qualitative improvement, development, production and stockpiling of nuclear warheads and their delivery systems;

6. *Also urges* the nuclear-weapon States, as an interim measure, to de-alert and deactivate immediately their nuclear weapons and to take other concrete measures to reduce further the operational status of their nuclear-weapon systems, while stressing that reductions in deployments and in operational status cannot substitute for irreversible cuts in, and the total elimination of, nuclear weapons;

7. *Reiterates its call upon* the nuclear-weapon States to undertake the step-by-step reduction of the nuclear threat and to carry out effective nuclear disarmament measures with a view to achieving the total elimination of these weapons with a specified framework of time;

8. *Calls upon* the nuclear-weapon States, pending the achievement of the total elimination of nuclear weapons, to agree on an internationally and legally binding instrument on a joint undertaking not to be the first to use nuclear weapons, and calls upon all States to conclude an internationally and legally binding instrument on security assurances of non-use and non-threat of use of nuclear weapons against non-nuclear-weapon States;

9. *Urges* the nuclear-weapon States to commence plurilateral negotiations among themselves at an appropriate stage on further deep reductions of nuclear weapons as an effective measure of nuclear disarmament;

10. *Underlines* the importance of applying the principles of transparency, irreversibility and verifiability to the process of nuclear disarmament, and nuclear and other related arms control and reduction measures;

11. *Underscores* the importance of the unequivocal undertaking by the nuclear-weapon States, in the Final Document of the 2000 Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons, to accomplish the total elimination of their nuclear arsenals leading to nuclear disarmament, to which all States parties are committed under article VI of the

14. *Calls for* the immediate commencement of negotiations in the Conference on Disarmament on a non-discriminatory, multilateral and internationally and effectively verifiable treaty banning the production of fissile material for nuclear weapons or other nuclear explosive devices on the basis of the report of the Special Coordinator and the mandate contained therein;

15. *Urges* the Conference on Disarmament to agree on a programme of work that includes the immediate commencement of negotiations on such a treaty with a view to their conclusion within five years;

16. *Calls for* the conclusion of an international legal instrument or instruments on adequate security assurances to non-nuclear-weapon States;

17. *Also calls for* the early entry into force and strict observance of the Comprehensive Nuclear-Test-Ban Treaty;

18. *Expresses its regret* that the 2005 Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons was unable to achieve any substantive result and that the 2005 World Summit Outcome adopted by the General Assembly failed to make any reference to nuclear disarmament and nuclear non-proliferation;

[Resolution A/RES/63/47, adopted by the General Assembly at its 63rd Session, December 2008]

[Editorial note: Footnotes not included]

Adopted 118-50-14

Reaffirming that any use or threat of use of nuclear weapons would constitute a violation of the Charter of the United Nations,

Convinced that the proliferation of nuclear weapons in all its aspects would seriously enhance the danger of nuclear war,

Convinced also that nuclear disarmament and the complete elimination of nuclear weapons are essential to remove the danger of nuclear war,

Considering that, until nuclear weapons cease to exist, it is imperative on the part of the nuclear-weapon States to adopt measures that assure non-nuclear-weapon States against the use or threat of use of nuclear weapons,

Considering also that the hair-trigger alert of nuclear weapons carries unacceptable risks of unintentional or accidental use of nuclear weapons, which would have catastrophic consequences for all mankind,

Emphasizing the need to adopt measures to avoid accidental, unauthorized or unexplained incidents arising from computer anomaly or other technical malfunctions,

Conscious that limited steps relating to de-alerting and de-targeting have been taken by the nuclear-weapon States and that further practical, realistic and mutually reinforcing steps are necessary to contribute to the improvement in the international climate for negotiations leading to the elimination of nuclear weapons,

Mindful that a diminishing role for nuclear weapons in the security policies of nuclear-weapon States would positively impact on international peace and security and improve the conditions for the further reduction and the elimination of nuclear weapons,

Reiterating the highest priority accorded to nuclear disarmament in the Final Document of the Tenth Special Session of the General Assembly and by the international community,

Recalling the advisory opinion of the International Court of Justice on the *Legality of the Threat or Use of Nuclear Weapons* that there exists an obligation for all States to pursue in good faith and bring to a conclusion negotiations leading to nuclear disarmament in all its aspects under strict and effective international control,

Recalling also the call in the United Nations Millennium Declaration to seek to eliminate the dangers posed by weapons of mass destruction and the resolve to strive for the elimination of weapons of mass destruction, particularly nuclear weapons, including the possibility of convening an international conference to identify ways of eliminating nuclear dangers,

1. *Calls for* a review of nuclear doctrines and, in this context, immediate and urgent steps to reduce the risks of unintentional and accidental use of nuclear weapons, including through the de-alerting and de-targeting of nuclear weapons;
2. *Requests* the five nuclear-weapon States to take measures towards the implementation of paragraph 1 above;
3. *Calls upon* Member States to take the necessary measures to prevent the proliferation of nuclear weapons in all its aspects and to promote nuclear disarmament, with the objective of eliminating nuclear weapons;
4. *Takes note* of the report of the Secretary-General submitted pursuant to paragraph 5 of General Assembly resolution 62/32 of 5 December 2007;
5. *Requests* the Secretary-General to intensify efforts and support initiatives that would contribute towards the full implementation of the seven recommendations identified in the report of the Advisory

Board on Disarmament Matters that would significantly reduce the risk of nuclear war, and also to continue to encourage Member States to consider the convening of an international conference, as proposed in the United Nations Millennium Declaration, to identify ways of eliminating nuclear dangers, and to report thereon to the General Assembly at its sixty-fourth session;

6. *Decides* to include in the provisional agenda of its sixty-fourth session the item entitled "Reducing nuclear danger".

Convinced that the continuing existence of nuclear weapons poses a threat to all humanity and that their use would have catastrophic consequences for all life on Earth, and recognizing that the only defence against a nuclear catastrophe is the total elimination of nuclear weapons and the certainty that they will never be produced again,

Reaffirming the commitment of the international community to the goal of the total elimination of nuclear weapons and the creation of a nuclear-weapon-free world,

Mindful of the solemn obligations of States parties, undertaken in article VI of the Treaty on the Non-Proliferation of Nuclear Weapons, particularly to pursue negotiations in good faith on effective measures relating to cessation of the nuclear arms race at an early date and to nuclear disarmament,

Recalling the adoption of the Comprehensive Nuclear-Test-Ban Treaty in its resolution 50/245 of 10 September 1996, and expressing its satisfaction at the increasing number of States that have signed and ratified the Treaty,

Recognizing with satisfaction that the Antarctic Treaty and the treaties of Tlatelolco, Rarotonga, Bangkok, Pelindaba and Semipalatinsk, as well as Mongolia's nuclear-weapon-free status, are gradually freeing the entire southern hemisphere and adjacent areas covered by those treaties from nuclear weapons,

Stressing the importance of strengthening all existing nuclear-related disarmament and arms control and reduction measures,

Recognizing the need for a multilaterally negotiated and legally binding instrument to assure non-nuclear-weapon States against the threat or use of nuclear weapons,

Reaffirming the central role of the Conference on Disarmament as the sole multilateral disarmament negotiating forum, and regretting the lack of progress in disarmament negotiations, particularly nuclear disarmament, in the Conference during its 2008 session,

Emphasizing the need for the Conference on Disarmament to commence negotiations on a phased programme for the complete elimination of nuclear weapons with a specified framework of time,

Expressing its regret over the failure of the 2005 Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons to reach agreement on any substantive issues,

Expressing its deep concern at the lack of progress in the implementation of the thirteen steps to implement article VI of the Treaty on the Non-Proliferation of Nuclear Weapons agreed to at the 2000 Review Conference of the Parties to the Treaty,

Promotion of Multilateralism in the Area of Disarmament and Non-Proliferation

[Resolution A/RES/63/50, adopted by the General Assembly at its 63rd Session, December 2008]

[Editorial note: Footnotes not included]

Adopted 126-5-50

The General Assembly,

Determined to foster strict respect for the purposes and principles enshrined in the Charter of the United Nations,

Recalling its resolution 56/24 T of 29 November 2001 on multilateral cooperation in the area of disarmament and non-proliferation and global efforts against terrorism and other relevant resolutions, as well as its resolutions 57/63 of 22 November 2002, 58/44 of 8 December 2003, 59/69 of 3 December 2004, 60/59 of 8 December 2005, 61/62 of 6 December 2006 and 62/27 of 5 December 2007 on the promotion of multilateralism in the area of disarmament and non-proliferation,

Recalling also the purpose of the United Nations to maintain international peace and security and, to that end, to take effective collective measures for the prevention and removal of threats to the peace and for the suppression of acts of aggression or other breaches of the peace, and to bring about by peaceful means, and in conformity with the principles of justice and international law, adjustment or settlement of international disputes or situations which might lead to a breach of the peace, as enshrined in the Charter,

Recalling further the United Nations Millennium Declaration, which states, inter alia, that the responsibility for managing worldwide economic and social development, as well as threats to international peace and security, must be shared among the nations of the world and should be exercised multilaterally and that, as the most universal and most representative organization in the world, the United Nations must play the central role,

Convinced that, in the globalization era and with the information revolution, arms regulation, non-proliferation and disarmament problems are more than ever the concern of all countries in the world, which are affected in one way or another by these problems and, therefore, should have the possibility to participate in the negotiations that arise to tackle them,

Bearing in mind the existence of a broad structure of disarmament and arms regulation agreements resulting from non-discriminatory and transparent multilateral negotiations with the participation of a large number of countries, regardless of their size and power,

Aware of the need to advance further in the field of arms regulation, non-proliferation and disarmament on the basis of universal, multilateral, non-discriminatory and transparent negotiations with the goal of reaching general and complete disarmament under strict international control,

Recognizing the complementarity of bilateral, plurilateral and multilateral negotiations on disarmament,

Recognizing also that the proliferation and development of weapons of mass destruction, including nuclear weapons, are among the most immediate threats to international peace and security which need to be dealt with, with the highest priority,

Considering that the multilateral disarmament agreements provide the mechanism for States parties to consult one another and to cooperate in solving any problems which may arise in relation to the objective of, or in the application of, the provisions of the agreements and that such consultations and cooperation may also be undertaken through appropriate international procedures within the framework of the United Nations and in accordance with the Charter,

Stressing that international cooperation, the peaceful settlement of disputes, dialogue and confidence-building measures would contribute essentially to the creation of multilateral and bilateral friendly relations among peoples and nations,

Being concerned at the continuous erosion of multilateralism in the field of arms regulation, non-proliferation and disarmament, and recognizing that a resort to unilateral actions by Member States in resolving their security concerns would jeopardize international peace and security and undermine confidence in the international security system as well as the foundations of the United Nations itself,

Noting that the Fourteenth Conference of Heads of State or Government of Non-Aligned Countries, held in Havana on 15 and 16 September 2006, and the Fifteenth Ministerial Conference of the Movement of Non-Aligned Countries, held in Tehran on 29 and 30 July 2008, welcomed, respectively, the adoption of General Assembly resolutions 60/59 and 62/27 on the promotion of multilateralism in the area of disarmament and non-proliferation, and underlined the fact that multilateralism and multilaterally agreed solutions, in accordance with the Charter, provide the only sustainable method of addressing disarmament and international security issues,

Reaffirming the absolute validity of multilateral diplomacy in the field of disarmament and non-proliferation, and determined to promote multilateralism as an essential way to develop arms regulation and disarmament negotiations,

1. *Reaffirms* multilateralism as the core principle in negotiations in the area of disarmament and non-proliferation with a view to maintaining and strengthening universal norms and enlarging their scope;

2. *Also reaffirms* multilateralism as the core principle in resolving disarmament and non-proliferation concerns;

3. *Urges* the participation of all interested States in multilateral negotiations on arms regulation, non-proliferation and disarmament in a non-discriminatory and transparent manner;

4. *Underlines* the importance of preserving the existing agreements on arms regulation and disarmament, which constitute an expression of the results of international cooperation and multilateral negotiations in response to the challenges facing mankind;

5. *Calls once again upon* all Member States to renew and fulfil their individual and collective commitments to multilateral cooperation as an important means of pursuing and achieving their common objectives in the area of disarmament and non-proliferation;

6. *Requests* the States parties to the relevant instruments on weapons of mass destruction to consult and cooperate among themselves in resolving their concerns with regard to cases of non-compliance as well as on implementation, in accordance with the procedures defined in those instruments, and to refrain from resorting or threatening to resort to unilateral actions or directing unverified non-compliance accusations against one another to resolve their concerns;

7. *Takes note* of the report of the Secretary-General containing the replies of Member States on the promotion of multilateralism in the area of disarmament and non-proliferation, submitted pursuant to resolution 62/27;

8. *Requests* the Secretary-General to seek the views of Member States on the issue of the promotion of multilateralism in the area of disarmament and non-proliferation and to submit a report thereon to the General Assembly at its sixty-fourth session;

9. *Decides* to include in the provisional agenda of its sixty-fourth session the item entitled "Promotion of multilateralism in the area of disarmament and non-proliferation".

Recalling its resolution 62/37 of 5 December 2007,

Convinced that every effort should be made to avoid nuclear war and nuclear terrorism,

Reaffirming the crucial importance of the Treaty on the Non-Proliferation of Nuclear Weapons as the cornerstone of the international nuclear disarmament and non-proliferation regime, and expressing regret over the lack of agreement on substantive issues at the Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons, as well as over the elimination of references to nuclear disarmament and non-proliferation in the World Summit Outcome in 2005, the year of the sixtieth anniversary of the atomic bombings in Hiroshima and Nagasaki, Japan,

Recalling the decisions and the resolution of the 1995 Review and Extension Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons and the Final Document of the 2000 Review Conference of the Parties to the Treaty,

Recognizing that the enhancement of international peace and security and the promotion of nuclear disarmament are mutually reinforcing,

Reaffirming that further advancement in nuclear disarmament will contribute to consolidating the international regime for nuclear non-proliferation, which is, *inter alia*, essential to international peace and security,

Taking note of concrete proposals and initiatives on nuclear disarmament, including those put forward or undertaken by nuclear-weapon States, including recently by France and the United Kingdom of Great Britain and Northern Ireland,

Expressing deep concern regarding the growing dangers posed by the proliferation of weapons of mass destruction, *inter alia*, nuclear weapons, including that caused by proliferation networks,

Recognizing the importance of implementing Security Council resolution 1718 (2006) of 14 October 2006 with regard to the nuclear test proclaimed by the Democratic People’s Republic of Korea on 9 October 2006, while taking note of the progress achieved by the Six-Party Talks,

1. *Reaffirms* the importance of all States parties to the Treaty on the Non-Proliferation of Nuclear Weapons complying with their obligations under all the articles of the Treaty;

2. *Stresses* the importance of an effective Treaty review process, welcoming the substantive discussions held at the second session of the Preparatory Committee in 2008, and calls upon all States parties to the Treaty to work together to ensure that the third session of the Preparatory Committee, in 2009, is held constructively, in order to facilitate the successful outcome of the 2010 Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons;

3. *Reaffirms* the importance of the universality of the Treaty, and calls upon States not parties to the Treaty to accede to it as non-

nuclear-weapon States without delay and without conditions, and pending their accession to refrain from acts that would defeat the objective and purpose of the Treaty as well as to take practical steps in support of the Treaty;

4. *Encourages* further steps leading to nuclear disarmament, to which all States parties to the Treaty are committed under article VI of the Treaty, including deeper reductions in all types of nuclear weapons, and emphasizes the importance of applying irreversibility and verifiability, as well as increased transparency in a way that promotes international stability and undiminished security for all, in the process of working towards the elimination of nuclear weapons;

5. *Calls upon* all nuclear-weapon States to undertake reductions of nuclear weapons in a transparent manner, and invites all nuclear-weapon States to agree on transparency and confidence-building measures, while noting in this regard the increased transparency recently demonstrated by nuclear-weapon States on their nuclear arsenals, including the current number of their nuclear warheads;

6. *Encourages* the Russian Federation and the United States of America to implement fully the Treaty on Strategic Offensive Reductions, which should serve as a step for further nuclear disarmament, and to undertake nuclear arms reductions beyond those provided for by the Treaty, including through the conclusion of a legally binding successor to the Treaty on the Reduction and Limitation of Strategic Offensive Arms (START I), which is due to expire in 2009, while welcoming the progress made by nuclear-weapon States, including the Russian Federation and the United States of America, on nuclear arms reductions;

7. *Encourages* States to continue to pursue efforts, within the framework of international cooperation, contributing to the reduction of nuclear-weapons-related materials;

8. *Calls for* the nuclear-weapon States to further reduce the operational status of nuclear weapons systems in ways that promote international stability and security;

9. *Stresses* the necessity of a diminishing role for nuclear weapons in security policies to minimize the risk that these weapons will ever be used and to facilitate the process of their total elimination, in a way that promotes international stability and based on the principle of undiminished security for all;

10. *Urges* all States that have not yet done so to sign and ratify the Comprehensive Nuclear-Test-Ban Treaty at the earliest opportunity with a view to its early entry into force, stresses the importance of maintaining existing moratoriums on nuclear-weapon test explosions pending the entry into force of the Treaty, and reaffirms the importance of the continued development of the Treaty verification regime, including the international monitoring system, which will be required to provide assurance of compliance with the Treaty;

11. *Calls upon* the Conference on Disarmament to immediately resume its substantive work to its fullest, considering the developments of this year in the Conference;

12. *Emphasizes* the importance of the immediate commencement of negotiations on a fissile material cut-off treaty in the Conference on Disarmament and its early conclusion, and calls upon all nuclear-weapon States and States not parties to the Treaty on the Non-Proliferation of Nuclear Weapons to declare moratoriums on the production of fissile material for any nuclear weapons or other nuclear explosive devices pending the entry into force of the Treaty;

13. *Calls upon* all States to redouble their efforts to prevent and curb the proliferation of nuclear and other weapons of mass destruction and their means of delivery;

14. *Stresses* the importance of further efforts for non-proliferation, including the universalization of the International Atomic Energy Agency comprehensive safeguards agreements, while also strongly encouraging further works for achieving the universalization of the Model Protocol Additional to the Agreement(s) between State(s) and the International Atomic Energy Agency for the Application of Safeguards approved by the Board of Governors of the International Atomic Energy Agency on 15 May 1997, and the full implementation of relevant Security Council resolutions, including resolution 1540 (2004) of 28 April 2004;

15. *Encourages* all States to undertake concrete activities to implement, as appropriate, the recommendations contained in the report of the Secretary-General on the United Nations study on disarmament and non-proliferation education, submitted to the General Assembly at its fifty-seventh session, and to voluntarily share information on efforts they have been undertaking to that end;

16. *Encourages* the constructive role played by civil society in promoting nuclear non-proliferation and nuclear disarmament;

Convention on the Prohibition of the Use of Nuclear Weapons

[Resolution A/RES/63/75, adopted by the General Assembly at its 63rd Session, December 2008]

[*Editorial note:* Footnotes not included]

Adopted 121-50-10

The General Assembly,

Convinced that the use of nuclear weapons poses the most serious threat to the survival of mankind,

Bearing in mind the advisory opinion of the International Court of Justice of 8 July 1996 on the *Legality of the Threat or Use of Nuclear Weapons*,

Convinced that a multilateral, universal and binding agreement prohibiting the use or threat of use of nuclear weapons would contribute to the elimination of the nuclear threat and to the climate for negotiations leading to the ultimate elimination of nuclear weapons, thereby strengthening international peace and security,

Conscious that some steps taken by the Russian Federation and the United States of America towards a reduction of their nuclear weapons and the improvement in the international climate can contribute towards the goal of the complete elimination of nuclear weapons,

Recalling that paragraph 58 of the Final Document of the Tenth Special Session of the General Assembly states that all States should actively participate in efforts to bring about conditions in international relations among States in which a code of peaceful conduct of nations in international affairs could be agreed upon and that would preclude the use or threat of use of nuclear weapons,

Reaffirming that any use of nuclear weapons would be a violation of the Charter of the United Nations and a crime against humanity, as declared in its resolutions 1653 (XVI) of 24 November 1961, 33/71 B of 14 December 1978, 34/83 G of 11 December 1979, 35/152 D of 12 December 1980 and 36/92 I of 9 December 1981,

Determined to achieve an international convention prohibiting the development, production, stockpiling and use of nuclear weapons, leading to their ultimate destruction,

Stressing that an international convention on the prohibition of the use of nuclear weapons would be an important step in a phased programme towards the complete elimination of nuclear weapons, with a specified framework of time,

Noting with regret that the Conference on Disarmament, during its 2008 session, was unable to undertake negotiations on this subject as called for in General Assembly resolution 62/51 of 5 December 2007,

1. *Reiterates its request* to the Conference on Disarmament to commence negotiations in order to reach agreement on an international convention prohibiting the use or threat of use of nuclear weapons under any circumstances;

2. *Requests* the Conference on Disarmament to report to the General Assembly on the results of those negotiations.

Recognizing the address by the Secretary-General of the United Nations, as well as the addresses by Ministers for Foreign Affairs and other high-level officials, as expressions of support for the endeavours of the Conference and its role as the sole multilateral disarmament negotiating forum,

Bearing in mind the importance of efforts towards revitalization of the disarmament machinery, including the Conference,

Recognizing the importance of continuing consultations on the question of the expansion of the Conference membership,

1. *Reaffirms* the role of the Conference on Disarmament as the sole multilateral disarmament negotiating forum of the international community;

2. *Calls upon* the Conference to further intensify consultations and explore possibilities with a view to reaching an agreement on a programme of work;

3. *Takes note* of the strong collective interest of the Conference to build on the increased level and focus of its activities through 2008 and to commence substantive work as soon as possible during its 2009 session;

The Risk of Nuclear Proliferation in the Middle East

[Resolution A/RES/63/84, adopted by the General Assembly at its 63rd Session, December 2008]

[*Editorial note:* Footnotes not included]

Adopted 169-5-6

The General Assembly,

Bearing in mind its relevant resolutions,

Taking note of the relevant resolutions adopted by the General Conference of the International Atomic Energy Agency, the latest of which is resolution GC(52)/RES/15, adopted on 4 October 2008,

Cognizant that the proliferation of nuclear weapons in the region of the Middle East would pose a serious threat to international peace and security,

Mindful of the immediate need for placing all nuclear facilities in the region of the Middle East under full-scope safeguards of the Agency,

Recalling the decision on principles and objectives for nuclear non-proliferation and disarmament adopted by the 1995 Review and Extension Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons on 11 May 1995, in which the Conference urged universal adherence to the Treaty as an urgent priority and called upon all States not yet parties to the Treaty to accede to it at the earliest date, particularly those States that operate unsafeguarded nuclear facilities,

Recognizing with satisfaction that, in the Final Document of the 2000 Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons, the Conference undertook to make determined efforts towards the achievement of the goal of universality of the Treaty, called upon those remaining States not parties to the Treaty to accede to it, thereby accepting an international legally binding commitment not to acquire nuclear weapons or nuclear explosive devices and to accept Agency safeguards on all their nuclear activities, underlined the necessity of universal adherence to the Treaty and of strict compliance by all parties with their obligations under the Treaty,

Recalling the resolution on the Middle East adopted by the 1995 Review and Extension Conference on 11 May 1995, in which the Conference noted with concern the continued existence in the Middle East of unsafeguarded nuclear facilities, reaffirmed the importance of the early realization of universal adherence to the Treaty and called upon all States in the Middle East that had not yet done so, without exception, to accede to the Treaty as soon as possible and to place all their nuclear facilities under full-scope Agency safeguards,

Noting that Israel remains the only State in the Middle East that has not yet become party to the Treaty,

Concerned about the threats posed by the proliferation of nuclear weapons to the security and stability of the Middle East region,

Stressing the importance of taking confidence-building measures, in particular the establishment of a nuclear-weapon-free zone in the Middle East, in order to enhance peace and security in the region and to consolidate the global non-proliferation regime,

Emphasizing the need for all parties directly concerned to seriously consider taking the practical and urgent steps required for the implementation of the proposal to establish a nuclear-weapon-free zone in the region of the Middle East in accordance with the relevant resolutions of the General Assembly and, as a means of promoting this objective, inviting the countries concerned to adhere to the Treaty and, pending the establishment of the zone, to agree to place all their nuclear activities under Agency safeguards,

Noting that one hundred and eighty States have signed the Comprehensive Nuclear-Test-Ban Treaty, including a number of States in the region,

1. *Welcomes* the conclusions on the Middle East of the 2000 Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons;

2. *Reaffirms* the importance of Israel's accession to the Treaty on the Non-Proliferation of Nuclear Weapons and placement of all its nuclear facilities under comprehensive International Atomic Energy Agency safeguards, in realizing the goal of universal adherence to the Treaty in the Middle East;

3. *Calls upon* that State to accede to the Treaty without further delay and not to develop, produce, test or otherwise acquire nuclear weapons, and to renounce possession of nuclear weapons, and to place all its unsafeguarded nuclear facilities under full-scope Agency safeguards as an important confidence-building measure among all States of the region and as a step towards enhancing peace and security;

4. *Requests* the Secretary-General to report to the General Assembly at its sixty-fourth session on the implementation of the present resolution;

5. *Decides* to include in the provisional agenda of its sixty-fourth session the item entitled "The risk of nuclear proliferation in the Middle East".

Comprehensive Nuclear-Test-Ban Treaty

[Resolution A/RES/63/87, adopted by the General Assembly at its 63rd Session, December 2008]

Adopted 175-1-3

The General Assembly,

Reiterating that the cessation of nuclear-weapon test explosions or any other nuclear explosions constitutes an effective nuclear disarmament and non-proliferation measure, and convinced that this is a meaningful step in the realization of a systematic process to achieve nuclear disarmament,

Recalling that the Comprehensive Nuclear-Test-Ban Treaty, adopted by its resolution 50/245 of 10 September 1996, was opened for signature on 24 September 1996,

Stressing that a universal and effectively verifiable Treaty constitutes a fundamental instrument in the field of nuclear disarmament and non-proliferation and that after more than ten years, its entry into force is more urgent than ever before,

Encouraged by the signing of the Treaty by one hundred and eighty States, including forty-one of the forty-four needed for its entry into force, and welcoming the ratification of one hundred and forty-five States, including thirty-five of the forty-four needed for its entry into force, among which there are three nuclear-weapon States,

Recalling its resolution 62/59 of 5 December 2007,

Welcoming the Joint Ministerial Statement on the Comprehensive Nuclear-Test-Ban Treaty, adopted at the Ministerial Meeting held in New York on 24 September 2008,

1. *Stresses* the vital importance and urgency of signature and ratification, without delay and without conditions, to achieve the earliest entry into force of the Comprehensive Nuclear-Test-Ban Treaty;

2. *Welcomes* the contributions by the States signatories to the work of the Preparatory Commission for the Comprehensive Nuclear-Test-Ban Treaty Organization, in particular its efforts to ensure that the Treaty's verification regime will be capable of meeting the verification requirements of the Treaty upon its entry into force, in accordance with article IV of the Treaty;

3. *Underlines* the need to maintain momentum towards completion of all elements of the verification regime;

4. *Urges* all States not to carry out nuclear-weapon test explosions or any other nuclear explosions, to maintain their moratoriums in this regard and to refrain from acts that would defeat the object and purpose of the Treaty, while stressing that these measures do not

have the same permanent and legally binding effect as the entry into force of the Treaty;

5. *Calls for* the verifiable denuclearization of the Korean Peninsula in a peaceful manner through the successful implementation of the Joint Statement of 19 September 2005, and the initial and second-phase actions to implement it, agreed upon in the framework of the Six-Party Talks;

6. *Urges* all States that have not yet signed the Treaty to sign and ratify it as soon as possible;

7. *Urges* all States that have signed but not yet ratified the Treaty, in particular those whose ratification is needed for its entry into force, to accelerate their ratification processes with a view to ensuring their earliest successful conclusion;

8. *Welcomes* the ratification of the Treaty in 2008 by Colombia, Barbados, Malaysia and Burundi, as well as the signature in 2008 by Iraq and Timor-Leste, as significant steps towards the early entry into force of the Treaty;

9. *Urges* all States to remain seized of the issue at the highest political level and, where in a position to do so, to promote adherence to the Treaty through bilateral and joint outreach, seminars and other means;

10. *Requests* the Secretary-General, in consultation with the Preparatory Commission for the Comprehensive Nuclear-Test-Ban Treaty Organization, to prepare a report on the efforts of States that have ratified the Treaty towards its universalization and possibilities for providing assistance on ratification procedures to States that so request it, and to submit such a report to the General Assembly at its sixty-fourth session;

11. *Decides* to include in the provisional agenda of its sixty-fourth session the item entitled "Comprehensive Nuclear-Test-Ban Treaty".

Effects of Atomic Radiation

[Resolution A/RES/63/89, adopted by the General Assembly at its 63rd Session, December 2008]

[Editorial note: Footnotes not included]

Adopted without vote

The General Assembly,

Recalling its resolution 913 (X) of 3 December 1955, by which it established the United Nations Scientific Committee on the Effects of Atomic Radiation, and its subsequent resolutions on the subject, including resolution 62/100 of 17 December 2007, in which, inter alia, it requested the Scientific Committee to continue its work,

Taking note with appreciation of the work of the Scientific Committee, and of the release of its report on its fifty-sixth session,

Reaffirming the desirability of the Scientific Committee continuing its work,

Concerned about the potentially harmful effects on present and future generations resulting from the levels of radiation to which mankind and the environment are exposed,

Conscious of the continuing need to examine and compile information about atomic and ionizing radiation and to analyse its effects on mankind and the environment, and conscious also of the increased volume, complexity and diversity of that information,

Noting the views expressed by Member States at its sixty-third session with regard to the work of the Scientific Committee,

Recalling the deep concern of the Scientific Committee expressed in the report on its fifty-sixth session that reliance on a single post at the Professional level in its secretariat had left the Committee seriously vulnerable and had hampered the efficient implementation of its approved programme of work, and noting that a solution to this concern has not yet been achieved,

Recalling also its request at its sixty-second session that the Secretary-General provide a comprehensive and consolidated report, to be prepared in consultation with the Scientific Committee as appropriate, addressing the financial and administrative implications of increased Committee membership, staffing of the

professional secretariat and methods to ensure sufficient, assured and predictable funding,

1. *Commends* the United Nations Scientific Committee on the Effects of Atomic Radiation for the valuable contribution it has been making in the course of the past fifty-three years, since its inception, to wider knowledge and understanding of the levels, effects and risks of ionizing radiation, and for fulfilling its original mandate with scientific authority and independence of judgement;

2. *Reaffirms* the decision to maintain the present functions and independent role of the Scientific Committee;

3. *Takes note with appreciation* of the work of the Scientific Committee and of the release of its extensive report to the General Assembly, with scientific annexes, which provide the scientific and world community with the Committee's latest evaluations;

4. *Requests* the Scientific Committee to continue its work, including its important activities to increase knowledge of the levels, effects and risks of ionizing radiation from all sources;

5. *Endorses* the future programme of work of scientific review and assessment of the Scientific Committee on behalf of the General Assembly on assessments of levels of radiation from energy production and the effects on human health and the environment, uncertainty in radiation risk estimation, attributability of health effects due to radiation exposure, updating its methodology for estimating exposures due to discharges from nuclear installations, a summary of radiation effects and improving data collection, analysis and dissemination, notes with concern that the Committee cannot initiate work immediately on topics which make up half of the entire programme due to the lack of resources within the professional secretariat, and endorses the longer-term strategic plan of the Committee for its work, as reported to the Assembly at its sixty-third session;

6. *Requests* the Scientific Committee to continue at its next session the review of the important questions in the field of ionizing radiation and to report thereon to the General Assembly at its sixty-fourth session;

7. *Emphasizes* the need for the Scientific Committee to hold regular sessions on an annual basis so that its report can reflect the latest developments and findings in the field of ionizing radiation and thereby provide updated information for dissemination among all States;

8. *Expresses its appreciation* for the assistance rendered to the Scientific Committee by Member States, the specialized agencies, the International Atomic Energy Agency and non-governmental organizations, and invites them to increase their cooperation in this field;

9. *Invites* the Scientific Committee to continue its consultations with scientists and experts from interested Member States in the process of preparing its future scientific reports, and requests the Secretariat to facilitate such consultations;

10. *Welcomes*, in this context, the readiness of Member States to provide the Scientific Committee with relevant information on the effects of ionizing radiation in affected areas, and invites the Committee to analyse and give due consideration to such information, particularly in the light of its own findings;

11. *Invites* Member States, the organizations of the United Nations system and non-governmental organizations concerned to provide further relevant data about doses, effects and risks from various sources of radiation, which would greatly help in the preparation of future reports of the Scientific Committee to the General Assembly;

12. *Requests* the United Nations Environment Programme to continue providing support for the effective conduct of the work of the Scientific Committee and for the dissemination of its findings to the General Assembly, the scientific community and the public;

13. *Urges* the United Nations Environment Programme to review and strengthen the present funding of the Scientific Committee, pursuant to paragraph 14 of resolution 62/100, and to continue to seek out and consider temporary funding mechanisms to complement existing ones, and, in that context, takes note of the establishment by the Executive Director of the United Nations Environment Programme of a general trust fund to receive and manage voluntary contributions to support the work of the

Committee, and encourages Member States to consider making voluntary contributions to the trust fund;

14. *Takes note* of the comprehensive report of the Secretary-General, prepared in consultation with the Scientific Committee as appropriate, on the financial and administrative implications of increased membership of the Committee, staffing of its professional secretariat and methods to ensure sufficient, assured and predictable funding;

15. *Recognizes* the conclusion, outlined in paragraph 48 of the report of the Secretary-General, on the need for strengthened human resources for the professional, scientific secretariat in order to support the Scientific Committee in a more predictable and sustainable manner with a longer-term perspective, to effectively facilitate the use of the invaluable expertise offered to the Committee by its members, and to enable the Committee to discharge the responsibilities and mandate entrusted to it by the General Assembly, and emphasizes in this context that these resources are needed in any case and before Member States can agree to a change in Committee membership;

16. *Requests* the Secretary-General, in formulating his proposed programme budget for the biennium 2010–2011, to consider all options, including the possibility of internal reallocation, to provide the Scientific Committee with the resources outlined in paragraphs 48 and 50 of the report of the Secretary-General;

17. *Directs* the Scientific Committee to continue its reflection on how the current, as well as a potentially revised, membership for the Scientific Committee could best support the essential work of the Committee, including by developing detailed, objective and transparent criteria to be applied equitably to present and future members alike, and to report on these efforts before the end of the sixty-third session of the General Assembly;

18. *Welcomes* the attendance of Belarus, Finland, Pakistan, the Republic of Korea, Spain and Ukraine as observers at the fifty-sixth session of the Scientific Committee, invites each of those States to designate one scientist to attend, as observers, the fifty-seventh session of the Committee, and resolves to take a decision on full membership for these countries once a decision on resource allocation has been made, pursuant to paragraph 16 above, but no later than the end of the sixty-fourth session of the General Assembly.

[Resolution A/RES/62/24 adopted by the General
Assembly at its 62nd Session, December 2007]

[*Editorial note:* Footnotes not included]

The General Assembly,

Recalling its various resolutions in the field of nuclear disarmament, including its most recent, resolutions 60/72 of 8 December 2005, and 61/78, 61/83 and 61/97 of 6 December 2006,

Bearing in mind its resolution 2373 (XXII) of 12 June 1968, the annex to which contains the Treaty on the Non-Proliferation of Nuclear Weapons,

Noting the provisions of article VIII, paragraph 3, of the Treaty regarding the convening of review conferences at five-year intervals,

Recalling its resolution 50/70 Q of 12 December 1995, in which the General Assembly noted that the States parties to the Treaty affirmed the need to continue to move with determination towards the full realization and effective implementation of the provisions of the Treaty, and accordingly adopted a set of principles and objectives,

Recalling also that, on 11 May 1995, the 1995 Review and Extension Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons adopted three decisions on strengthening the review process for the Treaty, principles and objectives for nuclear non-proliferation and disarmament, and extension of the Treaty,

Reaffirming the resolution on the Middle East adopted on 11 May 1995 by the 1995 Review and Extension Conference of the Parties to the Treaty, in which the Conference reaffirmed the importance of the early realization of universal adherence to the Treaty and placement of nuclear facilities under full-scope International Atomic Energy Agency safeguards,

Reaffirming also its resolution 55/33 D of 20 November 2000, in which the General Assembly welcomed the adoption by consensus on 19 May 2000 of the Final Document of the 2000 Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons, including, in particular, the documents entitled "Review of the operation of the Treaty, taking into account the decisions and the resolution adopted by the 1995 Review and Extension Conference" and "Improving the effectiveness of the strengthened review process for the Treaty",

Taking into consideration the unequivocal undertaking by the nuclear-weapon States, in the Final Document of the 2000 Review Conference of the Parties to the Treaty, to accomplish the total elimination of their nuclear arsenals leading to nuclear disarmament, to which all States parties to the Treaty are committed under article VI of the Treaty,

Gravely concerned over the failure of the 2005 Review Conference of the Parties to the Treaty to reach any substantive agreement on the follow-up to the nuclear disarmament obligations,

Noting that the Preparatory Committee for the 2010 Review Conference of the Parties to the Treaty held a successful first meeting in Vienna in April/May 2007,

1. *Determines* to pursue practical steps for systematic and progressive efforts to implement article VI of the Treaty on the Non-Proliferation of Nuclear Weapons and paragraphs 3 and 4 (c) of the decision on principles and objectives for nuclear non-proliferation and disarmament of the 1995 Review and Extension Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons;

2. *Calls for* practical steps, as agreed to at the 2000 Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons, to be taken by all nuclear-weapon States that would lead to nuclear disarmament in a way that promotes international stability and, based upon the principle of undiminished security for all, for:

(a) Further efforts to be made by the nuclear-weapon States to reduce their nuclear arsenals unilaterally;

(b) Increased transparency by the nuclear-weapon States with regard to nuclear weapons capabilities and the implementation of agreements pursuant to article VI of the Treaty and as a voluntary confidence-building measure to support further progress in nuclear disarmament;

(c) The further reduction of non-strategic nuclear weapons, based on unilateral initiatives and as an integral part of the nuclear arms reduction and disarmament process;

(d) Concrete agreed measures to reduce further the operational status of nuclear weapons systems;

(e) A diminishing role for nuclear weapons in security policies so as to minimize the risk that these weapons will ever be used and to facilitate the process of their total elimination;

(f) The engagement, as soon as appropriate, of all the nuclear-weapon States in the process leading to the total elimination of their nuclear weapons;

3. *Notes* that the 2000 Review Conference of the Parties to the Treaty agreed that legally binding security assurances by the five nuclear-weapon States to the non-nuclear-weapon States parties to the Treaty strengthen the nuclear non-proliferation regime;

4. *Urges* the States parties to the Treaty to follow up on the implementation of the nuclear disarmament obligations under the Treaty agreed to at the 1995 and 2000 Review Conferences of the Parties to the Treaty within the framework of the 2010 Review Conference of the Parties to the Treaty and its Preparatory Committee;

5. *Decides* to include in the provisional agenda of its sixty-fourth session an item entitled "Follow-up to nuclear disarmament obligations agreed to at the 1995 and 2000 Review Conferences of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons".

The General Assembly,

Recalling its resolutions 55/33 D of 20 November 2000 and 57/58 and 57/59 of 22 November 2002,

Stressing the unequivocal undertaking by the nuclear-weapon States, in the Final Document of the 2000 Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons, to accomplish the total elimination of their nuclear arsenals leading to nuclear disarmament, to which all States parties to the Treaty are committed under its article VI,

Recognizing that disarmament and non-proliferation are essential for the maintenance of international peace and security,

Reaffirming the necessity of strict compliance at all times and in all circumstances by all parties with their obligations under the Treaty on the Non-Proliferation of Nuclear Weapons 2 and the necessity of upholding their commitments in the decisions and final documents agreed at the 1995 and 2000 Review Conferences,

Noting the advisory opinion of the International Court of Justice on the *Legality of the Threat or Use of Nuclear Weapons*, issued at The Hague on 8 July 1996,

Reiterating the responsibility of the nuclear-weapon States for transparent, verifiable and irreversible reductions in nuclear weapons leading to nuclear disarmament,

Stressing the commitment made in the Final Document of the 2000 Review Conference to the further reduction of non-strategic nuclear weapons,

Convinced that the further reduction of non-strategic nuclear weapons constitutes an integral part of the nuclear-arms reduction and disarmament process,

Concerned about the threat posed by non-strategic nuclear weapons due to their portability and proximity to areas of conflict, and thus about the risk of proliferation and of use,

Concerned also about emerging approaches to the broader role of nuclear weapons as part of security strategies, including the possible development of new types of low-yield non-strategic nuclear weapons,

Taking into consideration the lack of transparency and of formal agreements with regard to non-strategic nuclear weapons,

Emphasizing that further reductions of non-strategic nuclear weapons should be accorded a higher priority, as an important step towards the elimination of nuclear weapons, and be carried out in a comprehensive manner,

1. *Agrees* that further reductions in and elimination of non-strategic nuclear weapons should be based on unilateral initiatives and included as an integral part of the nuclear-arms reduction and disarmament process;

5. *Stresses* the importance of the enhancement of special security and physical protection measures for the transport and storage of non-strategic nuclear weapons, their components and related materials through, inter alia, the placing of such weapons in physically secure central storage sites, with a view to their removal and subsequent elimination by the nuclear-weapon States as a part of the nuclear disarmament process to which they are committed under the Treaty on the Non-Proliferation of Nuclear Weapons, and calls upon all nuclear-weapon States in possession of such weapons to take the necessary steps in this regard;

6. *Calls* for further confidence-building and transparency measures to reduce the threats posed by non-strategic nuclear weapons;

7. *Also calls* for concrete agreed measures to reduce further the operational status of non-strategic nuclear weapons systems so as

to reduce the risk of use of non-strategic nuclear weapons;

8. *Stresses* the need for an undertaking by the nuclear-weapon States that possess such weapons not to increase the number or types of weapons deployed and not to develop new types of these weapons or rationalizations for their use;

9. *Calls* for the prohibition of those types of non-strategic nuclear weapons that have already been removed from the arsenals of

some nuclear-weapon States and the development of transparency mechanisms for the verification of the elimination of these weapons;

10. *Decides* to include in the provisional agenda of its sixtieth session the item entitled "Reduction of non-strategic nuclear weapons".
